Dear Terry

10/13/03

Thank you for listing our North and South animal care and adoption centers in the Florida Pet Pages. We will place your book in each adoption packet, plus have them on display in our shelters, thrift shops, and any events we sponsor.

Together we can educate the public and create more responsible pet owners, who understand that spaying and neutering our pets, not only make them better companions for us, but make us better citizens.
